Getting to know Pueblo Evita Club Staff members.

In this issue we would like to tell you a little more about "Gaby" a key Clubhouse staff member. Gabriela Medina Menendez, over the last few years, has become an important part of Pueblo Evita.

With Susana and Eduardo (her parents) and Edi Junior (her brother) she has grown up here at our Club. Born in Malaga, Gaby was always here from the early days; after school with her family at the top pool bar since she was 9 years old and now takes a very active part in all that happens in our Clubhouse, especially in the kitchen.

In the meantime she finished school locally and did her degree in Tourism in Malaga University.

Little by little and with a professional chef's (her father) training she started to discover the talent and interest she has for cooking and baking. Cakes in all forms and flavors, deserts and inventing new dishes is her passion and when you are here don't go away without trying "Pasta Gaby" and of course her original cheesecake!

Life is not only about being a talented young chef. Gaby's hobbies are, of course, travelling (always when she can), discovering new cultures, historic places and meeting interesting people. The beach is also her favorite place, something that she wouldn't change for anything. Family and friends are a very important part in her life.

Pueblo Evita has talent!
