B01 ELITE SUITE RENAMED

We have renamed the Elite apartment B01 as the "Ivy Suite" in memory of Martin Beesley's mother, who sadly passed away recently. Martin was the

original and until recently, only developer of Fairways Club. Ivy who until recently visited the resort several times a year, was extremely popular with both staff and many of the owners and will be sadly missed.

FIRE SAFETY

We take fire prevention very seriously at Fairways, and it's important for the staff to be up-to-date with the regulations and with fire prevention techniques. The staff are trained annually in fire prevention, fire extinction, first aid and because we have a defibrillator on site, some of the members of staff have accreditation for its use. The courses are held in specialised premises and include a mock up apartment that is completely filled with smoke. The photograph shows two members of staff putting out a fire emanating from two propane gas cylinders. Something not for the faint hearted and definitely not to be tried at home!

STAFF PROFILE – INOCENTE

Inocente is a very familiar face at Fairways, and has been the senior maintenance man for the community over the past 20 years. He retires at the end of December and we shall be sad to see him leave.

He is married and has four sons and a daughter. Born in Cuba, he worked there for 20 odd years as a technician for a bus company. He moved to Tenerife 31 years ago, initially working for a garage as a mechanic, before taking the position at Fairways. He has a deep knowledge of the maintenance matters on the resort including the myriad of underground cellars, and

added to the fact that he is so popular, he will be sorely missed.

It is also worth noting that Inocente is an avid supporter of Real Madrid, although you'd only know about it when they win!

We wish him a very happy retirement.

COMMUNITY NEWS

paintwork wherever necessary.

The rubbish disposal area at the rear of the resort was a bit of an eyesore especially from the upper apartments looking down onto the area. For that reason a metal roof structure has been erected, with a gauze covering laid over it, hiding what is underneath. The structure is solid enough to stand the test of time, although clearly the gauze covering will need to be replaced regularly.

The community maintenance team have continued with their monthly schedules doing their best to keep on top of any minor repairs that may be needed and re-touching the

FIESTAS IN TENERIFE

When spending your Christmas holidays on the island of Tenerife, it's very easy to forget that it is in fact Christmas. Lying around the pool and enjoying the warm temperatures is not what one would normally associate with this time of the year. However it is easy to forget the micro-climate that exists, and that the island is also referred to as "Little Europe". One can be enjoying the sun on the beach, and looking up at the snow on the peak of Mount Teide. The north of the island can experience wintery weather whilst the South is bathed in sunshine. So whilst you are here, if you fancy a bit of that Christmas feel, Santa Cruz is less than an hour away, ideal for that shopping trip, sightseeing or simply sampling the atmosphere of a Spanish city.

INTERESTED IN A RENTAL OR UPGRADE

The Club offers the possibility to rent both Standard and Elite apartments. We also offer members the ability to "upgrade" their accommodation to a larger sized unit for their stay, and even from Standard into an Elite apartment. Another alternative is to extend your stay. See our web site for details and prices. <http://www.fairwaysclubrentals.com/prices.htm>

LATE CHECK-OUT

We also have a late check-out service allowing clients to stay in their apartment until 3p.m. The charge for this is very reasonable, and is proving a popular Choice. Needless to say, the service is subject to availability.
