1. BENEFITS OF SHUTTERS

The name has become synonymous with the finest quality made-to-measure Plantation Shutters and Blinds and the widest choice of shutter materials, styles, options and colours available in the UK.

Designed to your exacting requirements, interior shutters will accentuate your windows and doors perfectly, offer a superior window covering and provide an outstanding array of unique benefits.

Ultimate light control

Each panel can be independently adjusted to temper the light and provide outstanding light control.

Supreme privacy

Shutter panels can be divided into independently controlled sections allowing natural light in but keeping unwelcome attention out.

Insulating and economical

shutters not only keep you cool during the summer, but help retain heat during the winter.

Sound insulation

Adding an additional layer to your glazing, shutters not only block out light but help reduce noise levels too, making them ideal for homes near busy roads.

Awkward shapes

Shutters are possibly the only window furnishing that can be manufactured to suit all window shapes, no matter how curved or angled, small or large.

Low maintenance

shutters are quick and easy to clean and offer a virtually maintenance-free existence - excellent for dust allergy sufferers.

WHAT SETS SHUTTERS APART

As demonstrated here, shutters are more than just a window covering. They are a lifestyle feature, designed to function around your needs. This bi-fold track system provides complete privacy when shut, split privacy to let the light in or can be opened completely.

2. SHUTTER STYLES

No matter the size or shape of your windows, made-to-measure shutters come in a wide range of styles to suit every room.

▼ **FULL HEIGHT**
Covering the full height of the window, this is our most popular and flexible installation style.

◀ **FULL HEIGHT**
Full height shutters provide beautiful symmetry with a clean and sophisticated look.

▶ **CAFÉ STYLE**
Maximise light whilst providing privacy. With the top of the window un-shuttered, Café style shutters are ideal for ground level windows and town houses.

▶ **TIER-ON-TIER**
Independent panels top and bottom give greater adjustability to make the most of light, the view or provide you with privacy.

◀ SQUARE BAY ▲

▼ VICTORIAN BAY

Dating back to the medieval times and more recently Victorian architecture, bay windows hold a continuous appeal and are a quintessential British window style. No matter the size or complexity of your bay window, made-to-measure window shutters offer the perfect window covering for all bay windows.

MADE-TO-MEASURE SOLUTIONS FOR BAY WINDOWS

Bay windows are notoriously hard to cover. Luckily shutters can be customised to fit all bay windows and frames.

▲ TIER-ON-TIER BAY

▲ **BI-FOLD** ▶

Bi-fold tracked shutters work well in conjunction with bi-fold doors, allowing you to concertina large runs of shutters out of the way and bring the outside in.

TRACKS & WARDROBES

◀ **WARDROBE**

The robust nature of shutters and their high quality finish provides a fantastic solution for wardrobe doors. Solid panels, solid bases and fixed louvres can be specified to meet your aspirations.

BY-PASS

Sliding doors, room dividers or simply a privacy screen, our By-pass system provides an excellent solution.

▲ **SOLID PANEL**

Solid shutters have been used in the UK for more than 200 years and provide a more traditional finish to your window.

“Let your mind be creative”

FRENCH DOOR & SOLID PANEL SHUTTERS

FRENCH DOORS ▼

Due to the bespoke nature of our products, we are able to create cut-outs around your door handles to suit each bespoke installation.

MADE-TO-MEASURE SOLUTIONS TO SUIT ANY WINDOW SHAPE & SIZE

Even the most unusual window shapes can be catered for within the shutter range. Most popular styles include arches, circles and gable installations.

▲ CURVED
shutters can be designed to match almost any radius allowing you to enjoy your architecture whilst enjoying the light.

▲ ANGLED ▶
Ideal for gables or awkward, angled windows, shutters provide an effective solution where many window coverings fail.

▲ **ARCHED** ▼

TALL & CURVED
No matter how impressive the scale of your windows our shutters can be designed to fit.

CONSERVATORY AND SKYLIGHT SHUTTERS

◀ SKYLIGHT

skylight and conservatory shutters provide a stylish yet highly practical light and heat control solution for your windows. Ordering shutters for your skylights really couldn't be simpler, our stockists will just need your window model number.

The combination of engineered panels and a high quality finish with a final UV protective layer provide an ideal solution for conservatory installations. Let as little or as much light in as you want.

3. SHUTTER MATERIALS

shutters come in a wide range of materials to suit every budget, style and taste. Manufactured to exceptionally high standards and built to last, shutters come with a 3 year guarantee.

ANTIGUA

Our ANTIGUA range is made from high quality MDF covered in a patented polymer coating. Antigua is a stylish yet affordable entry-level shutter solution available in 5 popular shades of white.

BERMUDA

Our BERMUDA range is made from robust MDF frames and ABS louvres. Available to order in 28 contemporary colours, Bermuda more closely resembles the finish of real hardwood shutters.

CUBA

Our CUBA range is our entry-level hardwood range made from MDF frames but featuring real hardwood panels to provide a robust frame with lightweight panels.

JAVA

Our JAVA range is 100% waterproof and therefore ideal for bathrooms and other wet areas that suffer from fluctuations in moisture.

FIJI

Our FIJI range is made from real hardwoods and available to order in a wide range of options, colours and stains to offer a beautiful shutter solution to suit a multitude of installations.

SUMATRA

Our SUMATRA range is made from the finest quality FSC® certified White Teak and is available to order in the widest range of options to offer the ultimate shutter solution.

The colours used above are for illustrative purposes only and may not reflect the actual colours of the shutters.

4. SHUTTER OPTIONS

LOUVRE SIZES

The right choice of louvre size is essential to creating the perfect look. six main louvre sizes depending on the shutter range chosen, plus a solid shutter version and a blackout shutter with integrated honeycomb blind for ultimate light exclusion. When choosing your louvre, you'll need to decide which size best suits your window while allowing the louvres to be opened without making contact with your window/furniture, with larger louvre sizes requiring more room to open.

SHUTTERS PERFECT IN EVERY DETAIL

COLOURS AND STAINS

Unlike cheaper imitations, all shutters are given 6 coats of paint or stain to give a tough, lustrous finish and to help prevent fading the final layer is UV protected.

CUSTOM COLOUR

Our custom colour option enables us to offer you virtually any colour finish you require and we can match the UK's leading paint companies colours.

COLOUR RANGE

a full colour palette, utilising some of the most popular and en-vogue colours in the market place. However, should you not find the colour that you desire, then also offer a custom colour match service, providing a perfect match to any interior.

BLACKOUT SHUTTERS

For nursery, cinema and bedroom installations, our blackout shutter/blind solution should be your first choice. 15 sumptuous blind colours to choose from.

CELL

BLINDS

Our stunning range of Pleated Honeycomb Blinds offer a highly versatile yet stylish window covering to complement any home or work space perfectly.

With a range of options to choose from including over 70 contemporary colours, 3 head rails, single or double cell fabric and bottom up/top down capabilities, our pleated blinds offer enhanced privacy and light control over standard blinds.

6. MARK OF QUALITY

BUILT TO PERFECTION GUARANTEED TO LAST

Using unique production methods, such as transverse multi-ply stiles, we can ensure that shutter panels are unlikely to bow or warp. And for added strength we use only mortise and tenon joints. This also helps to minimise any

panel movement which may cause hairline cracking of paint finishes at the joint.

For further protection, we also engineer the shutter panels with a grooved overlap to mask and absorb any joint expansions.

"Where expectations are realised every step of the way"

shutters and blinds are made to the highest standards and therefore we're proud to offer 1 year's guarantee on our blinds and 3 year's guarantee on our shutters to help safeguard your investment and provide you peace of mind.
