09.25 *Session 1: Looking for Cash Flow*

Moderator: **GRAHAM WARDLE**, TRUSTEE EXECUTIVE, BESTRUSTEES

Are you being compensated for fixed income risk?

This session will explore the role of credit within defined benefit and defined contribution investment portfolios and the most efficient way to access credit in public markets.

KUNAL MEHTA, SENIOR PRODUCT SPECIALIST, FIXED INCOME, VANGUARD ASSET MANAGEMENT

Secure and Stable Income from Investment in Loans

In this session we look at a credit strategy that delivers a series of secure and stable cash-flows to investors: senior secured loans. These investments have a form of collateral backing the loan, are floating rate in nature and they generate a higher level of income than is available in sub-investment grade credit. This makes Syndicated Loans an attractive investment to DB pension funds which are (or will become) cash-flow negative and which require protection from rising interest rates or inflation.

TORBEN RONBERG, HEAD OF SYNDICATED LOANS, MUZINICH & Co.

The ABC of ABS

Most pension schemes have extensive allocations to government and corporate bonds. Relatively few have exposure to consumer credit, an attractive sub-sector of the global fixed income market. Asset-Backed Securities (ABS) offer exposure to a diverse range of collateral secured by consumer mortgages, auto loans and credit card receivables. This session will discuss the opportunities for pension schemes offered by ABS.

EGBERT BRONSEMA, PORTFOLIO MANAGER, ABS AND MORTGAGES, AEGON ASSET MANAGEMENT

11.00 **Coffee / Tea**

11.30 *Session 2: The Benefits of Diversification*

Moderator: **WENDY MAYALL**, CHAIR OF FUNDING COMMITTEE, TPT RETIREMENT SOLUTIONS

Broader Access to Credit through MAC portfolios

With many traditional lenders restricted by factors such as regulation, this session will discuss opportunities to capture superior risk adjusted returns by looking beyond traditional credit for those investors who can access illiquidity, complexity and scarcity premia.

We will explain the role of MAC funds and tailored mandates in finding superior relative value across the full credit spectrum.

ANDREW JACKSON, HEAD OF FIXED INCOME, HERMES INVESTMENT MANAGEMENT

Commercial Real Estate Debt

Characteristics of Commercial Real Estate Debt Income yield and downside protection – how is this achieved? What's creating the opportunity?

Market outlook

JON RICKERT, HEAD OF REAL ESTATE DEBT FINANCE, GAM

12.45 **Drinks and Lunch**

14.00 *Session 3: Looking Ahead*

Moderator: **TO BE CONFIRMED**

EBITDA Add-Backs and Rising Multiples

EBITDA adjustments and add-backs are a common way for borrowers and financial sponsors to inflate earnings in order to support a greater debt burden. Market participants believe that the use of these adjustments is at an all-time high and that direct lenders focused on financing LBOs are at the center of this trend. We will discuss how private equity sponsors and borrowers influence the definition of earnings, and what it means for direct lenders funding leveraged transactions and other corporate financings.

FILIPPO PETRUCCI, INVESTMENT DIRECTOR, CREDIT INVESTMENTS, CAMBRIDGE ASSOCIATES

Where should Pension Funds invest now?

The low yielding, low return environment of the past few years have been challenging for pension funds trying to balance the need for return and income from their portfolios but could the next few years pose even bigger challenges as bond yields increase and bond prices fall?

OLIVER HAMILTON, PRINCIPAL MANAGER RESEARCHER, AON

Specialist Pension Services: SPS Conferences is a small, specialist company focusing entirely on providing essential, high quality and timely investment information to Large Pension Funds and their Advisors via a series of one day conferences in London and in key locations throughout Europe. SPS Conferences is the sister organisation of the EPFIF (European Pension Fund Investment Forum) and has been running investment conferences for the Pension Fund community since 1993. A wide range of investment and related topics are covered, including Alternative Investing, Bonds, Equities, Property, Absolute Return, Private Equity, Risk Management and DC Issues. Furthermore, because we know that you prefer to be educated rather than sold to, we strongly encourage our speakers to focus on giving educational speeches. An Advisory Committee of Pension Funds has been set up to help us keep our conferences relevant to your needs year on year, as we understand that there is a preference to be amongst peers at conferences rather than be outnumbered by Marketing Executives from Service Providers and so we have a very strict admittance policy biased heavily towards Large Pension Funds. We aim to have more pension funds in the room than service providers. SPS Conferences understand that delegates appreciate generous question and answer sessions during the conference and we also provide a number of opportunities to talk to your peers and the speakers. This includes tea/coffee break(s), a full three course sit down lunch and a drinks reception at the end of the day. When you put all this together, you get conferences where you can learn essential, timely information to assist you with all areas of pension fund investment management, in a friendly, relaxed, atmosphere amongst your peers. please visit our website: www.spsconferences.com for an update of this conference and details of the other specialist pension and investment conferences we organise.
