**Specialist Pension Services:** SPS Conferences is a small, specialist company focusing entirely on providing essential, high quality and timely investment information to Large Pension Funds and their Advisors via a series of one day conferences in London and in key locations throughout Europe. SPS Conferences is the sister organisation of the EPFIF (European Pension Fund Investment Forum) and has been running investment conferences for the Pension Fund community since 1993. A wide range of investment and related topics are covered, including Alternative Investing, Bonds, Equities, Property, Absolute Return, Private Equity, Risk Management and DC Issues. Furthermore, because we know that you prefer to be educated rather than sold to, we strongly encourage our speakers to focus on giving educational speeches. An Advisory Committee of Pension Funds has been set up to help us keep our conferences relevant to your needs year on year, as we understand that there is a preference to be amongst peers at conferences rather than be outnumbered by Marketing Executives from Service Providers and so we have a very strict admittance policy biased heavily towards Large Pension Funds. We aim to have more pension funds in the room than service providers. SPS Conferences understand that delegates appreciate generous question and answer sessions during the conference and we also provide a number of opportunities to talk to your peers and the speakers. This includes tea/coffee break(s), a full three course sit down lunch and a drinks reception at the end of the day. When you put all this together, you get conferences where you can learn essential, timely information to assist you with all areas of pension fund investment management, in a friendly, relaxed, atmosphere amongst your peers. please visit our website: [www.spsconferences.com](http://www.spsconferences.com) for an update of this conference and details of the other specialist pension and investment conferences we organise.
