Looking Back to Stay Ahead: Can Trustees Apply Lessons Learned from their Asset Managers when Appointing and Monitoring a Fiduciary manager?

This session will include an overview of Fiduciary Management trends, specifically discussing the growth in the market in recent years and the key drivers behind this. Our focus will be how trustees can apply lessons learned from their asset managers when they look to appoint and monitor a fiduciary manager, particularly assessing value and cost efficiency through effective transparency.

JAY IONS, EXECUTIVE DIRECTOR,

Fiduciary Management: How to Pick the Right Partner?

As an industry develops, the way it works and operates changes. A decade ago Fiduciary Management was a little used concept in the UK pensions landscape. Fast forward to 2018 and this world looks quite different. This session will talk about the selection process Trustees are using to decide which Fiduciary Manager is the right fit for their unique circumstances, and how it has developed.

BARBARA SAUNDERS, INVESTMENT DIRECTOR, **P-SOLVE**

De-Risking and Re-Risking in Today's Unpredictable Investment Environment

Pension funds face what looks like a major conflict. On the one hand they are looking to de-risk, yet the reported increase in deficits over recent years alongside the oft quoted view of low future expected returns appears to suggest that some trustees may need to re-risk to stand a reasonable chance of delivering member benefits. What is the reality of the situation and is there light at the end of the tunnel for trustees and corporate sponsors alike?

CARL HITCHMAN, HEAD OF FIDUCIARY MANAGEMENT
ADVISORY, **STAMFORD ASSOCIATES**

12.25 **Drinks and Lunch**

13.35 **Session 3: Governance, Technology & DC**

STEWART BEVAN, HEAD OF PENSION PRODUCT DEVELOPMENT,
**SIMPLITIUM & MEMBER FCA'S INSTITUTIONAL DISCLOSURE

Effective Governance Models for DC Pension Investment

How is governance of DC schemes changing? How has auto-enrolment and the development of Master Trusts affected DC arrangements? What lessons can be learned and what improvements can be made as this sector develops further?

SPS Conferences is the sister organisation of the EPFIF (European Pension Fund Investment Forum) and has been running investment conferences for the Pension Fund community since 1993. A wide range of investment and related topics are covered, including Alternative Investing, Bonds, Equities, Property, Absolute Return, Private Equity, Risk Management and DC Issues. Furthermore, because we know that you prefer to be educated rather than sold to, we strongly encourage our speakers to focus on giving educational speeches. An Advisory Committee of Pension Funds has been set up to help us keep our conferences relevant to your needs year on year, as we understand that there is a preference to be amongst peers at conferences rather than be outnumbered by Marketing Executives from Service Providers and so we have a very strict admittance policy biased heavily towards Large Pension Funds. We aim to have more pension funds in the room than service providers. SPS Conferences understand that delegates appreciate generous question and answer sessions during the conference and we also provide a number of opportunities to talk to your peers and the speakers. This includes tea/coffee break(s), a full three course sit down lunch and a drinks reception at the end of the day. When you put all this together, you get conferences where you can learn essential, timely information to assist you with all areas of pension fund investment management, in a friendly, relaxed, atmosphere amongst your peers. please visit our website: www.spsconferences.com for an update of this conference and details of the other specialist pension and investment conferences we organise.
