Big Brothers Big Sisters of Christchurch wants to provide the best conditions to encourage and support the development and safety of the young people being mentored. This requires clarification of the role, boundaries and limitations of volunteer mentors. In this regard, volunteers are asked to agree to the following:

Description of Role

Volunteer Mentors will:

- be a friend to the child, and maintain contact on a regular and consistent basis.
- be a consistent and positive role model by modelling responsible behaviours such as reliability, respect, honesty, appropriate manners, along with a concern for the protection and wellbeing of children.

Duration and Contact

- **Volunteers are required to commit to their mentoring relationship for a minimum period of 12 months.**
- Volunteers are expected to maintain weekly contact with their young person for that first year except when they have extenuating circumstances or by arrangement with their Supervisor.
- In subsequent years, mentoring will remain regular but can be adjusted in its frequency by agreement with their supervisor.

School Based Mentoring

- All mentoring sessions will take place on school grounds, within school hours, during the school term.
- Volunteers who have been in their relationship for at least 6 months may wish to regularly or sporadically have mentoring sessions out of school hours. Before this occurs, the Volunteer must contact the programme staff and then go through a transition process.

Community Based Mentoring

- For the first 3 months of the mentoring match, no sessions shall take place in the mentor's home.
- No sessions are to take place in the young person's home except with programme staff permission.

Volunteer Behaviour and Activities

Volunteers are required to adhere to the Code of Conduct which is attached to this agreement.

Volunteers will have access to a set of risk management analyses of activities in mentoring.

Volunteers must consider the dangers involved in activities and where there is any doubt they should contact their supervisor. This is particularly when undertaking activities that are generally perceived as dangerous such as

- Use of firearms.
- Outdoor adventure pursuits including rock climbing, kayaking, tramping, boating.

Further training will be made available in Ethics in Youth Work through the Canterbury Youth Worker Collective. Big Brothers Big Sisters has adopted The Code of Ethics for Youth Work in Aotearoa New Zealand.

Volunteer Code of Conduct

Big Brothers Big Sisters provides quality mentoring relationships with adult volunteers to young people. A relationship with a mentor can improve the life of a young person, and contribute to his/her emotional well being.

In the interest of the young people we serve, volunteers commit to improving the life of a young person by observing the following code of conduct:

- Volunteers agree to conduct themselves in a manner consistent with their position as a positive role model to a young person, and as a representative of Big Brothers Big Sisters.
- Volunteers will follow Agency policies and guidelines around the safety of the young person as outlined in the Volunteer Behaviour Policy and not engage in any behaviour that may be perceived as being sexual and/or abusive with the young person or any member of the their family.
- Volunteers agree to respect the privacy and dignity of their young person and family by not divulging confidential information without consent. The two exceptions to this are where the volunteer is discussing the case in supervision with their Supervisor (as a group of mentors or individually), or where there is a case of suspected child abuse.
- Volunteers agree to limit their involvement in a young person's life to what is deemed appropriate by the Big Brothers Big Sisters. Volunteers are seen as an influence, not a dominant factor, in the young person's life.
- The adult-young person relationship is based on mutual respect. Volunteers agree to treat the young person in a respectful way at all times.
- Volunteers agree to allow their young person to develop their friendship at their own pace.
- Volunteers are required to discuss problems, issues, concerns, or changes of circumstances (living situation, change of address, phone number etc) with their Supervisor. The accountability process for volunteers is by engagement either by email, phone and in person with their Supervisor.
- In the event of match closure, Volunteers must be sensitive to the impact that this can have on the young person, and take the necessary steps to minimise upset to the young person. All matches are to be formally closed by the Supevisor.

Volunteers understand that breaches of this code of conduct will be taken seriously
