

B\$URE

B\$URE means that you can be sure your US banknotes are genuine

Counterfeit-proof supply chain tracking - 1D, 2D, QR and alphanumeric codes all protected against counterfeiting by Bsecure with GoSure to prevent fraud and diversion.

Connect the physical and digital world by linking product to valuable interactive digital experience

GoSure

GoSure permits you to go surely into variable data while retaining the certainty of authenticity

Covert

Bsecure assures that your system is secure - no counterfeits or alterations

Serialization with our covert features provides secure storage of document or product data that can be recalled across the entire governmental or corporate structure without fear of alteration or duplication

Pitkit Ltd. is the parent company and produces ID cards for Israel, Belgium and others.

GoSure provides maximum flexibility when printing with HP Indigo digital presses. Combine counterfeit protection with variable data, such as serialization in a single press run.

Our solutions are available for all commercial printing technologies, both conventional and digital. The following is a partial list of Bsecure applications:

Value Documents

Government Agencies
Driving and Vehicle Permits
ID cards, Passports, Visas
Currency
Financial Institutions
Transportation Tickets
Employee Passes
Merchandise Vouchers, Gift Certificates

Merchandise

Pharmaceuticals
Cosmetics
Alcoholic Beverages
Designer Clothing and Accessories
Automobile and Airplane Parts
Consumer Electronics
Computers and Microprocessors
Cellular Telephones

Brand Protection

Proprietary Solutions

Overt / Covert Security Features

Bsecure is a full-service value document and brand protection consulting and integration organization. Our Bsecure covert machine-readable counterfeit system is considered the most secure protection available.

We can combine covert and overt anti-counterfeiting features, track-and-trace and serialization to provide complete cost-effective protection for labels, ID cards, drivers' licenses, passports and other value documents, as well as brand protection for pharmaceuticals, high-risk materials, products and consumer goods.
