

ICMG

Qualification handbook

This handbook covers the stages of qualifications up to International Certified Master Groomer ICMG

The stages are broken down into qualifications and learners have 5 years to complete all stages once started.

IPG is International Professional Groomers which is an organisation that certifies pet groomers all over the world. ICMG UK is the UK satellite organisation for training and certification within the UK

Membership is payable annually and there are many benefits and incentives to being a member of ICMG

There are distinct stages of qualifications within ICMG to demonstrate all capacities in dog grooming.

There are practical exams and written exams which include you showing a clear understanding of Breed standards along with the care of coat types, diseases and much more

Once learners have begun the certification process they have 5 years to complete up to ICMG level.

Some of the most important objectives of ICMG are:

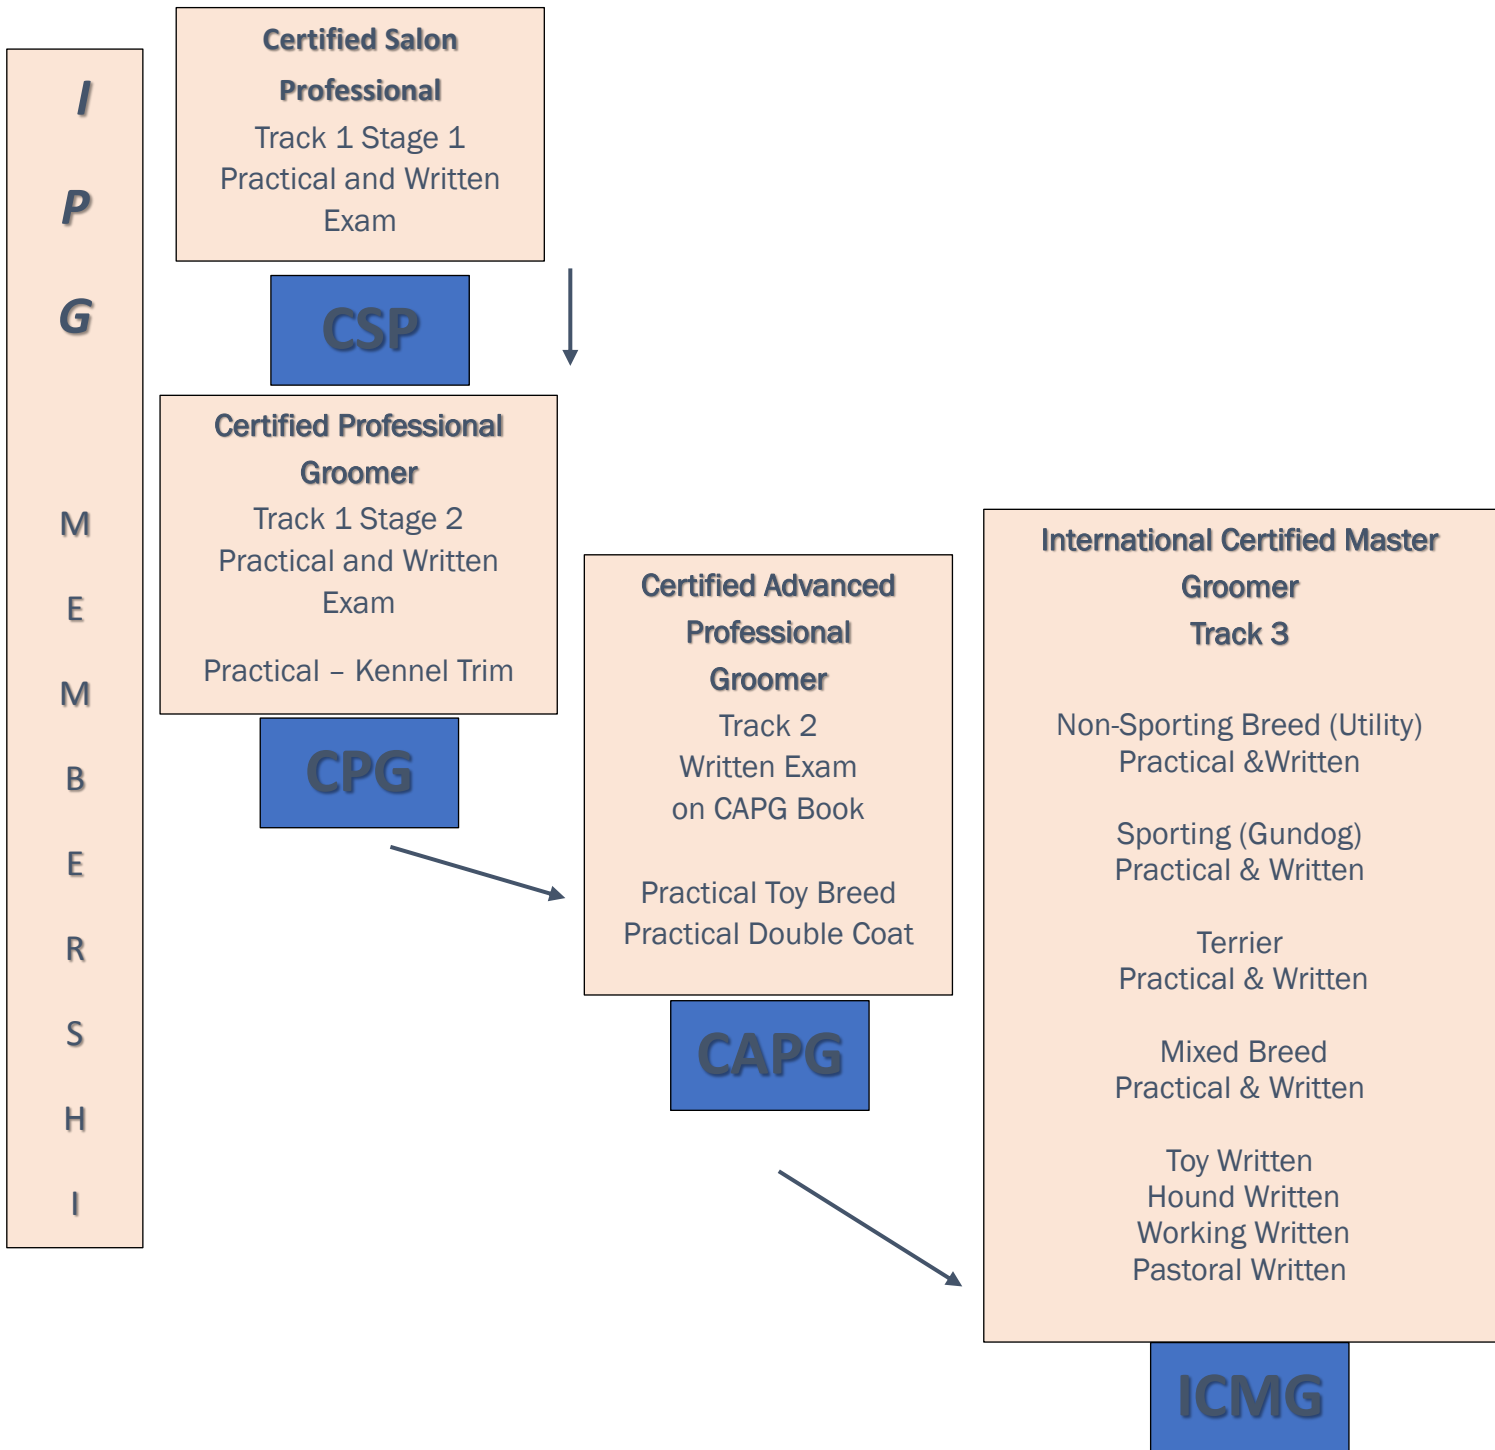

Ethical Grooming

Kind Handling

Kindness Towards Fellow Groomers

Continual Learning

IPG CERTIFICATION

Centre Requirements

ICMG have courses running across the UK and exam centres for people to access areas for examinations.

New centres will need to gain approval from ICMG

Centre Staff must be:
