David Windrow

PARTY

We discussed the annual party and considered the suggestion of a fall date. Jessica suggested both a spring and a fall party. Several neighbors have expressed their interest in having the party and have offered to help. Our volunteer responses:

#1 My husband and I would like to volunteer to help with the block party. We can help with set up and clean up. We have a folding table we can bring but unfortunately no chairs.

#2 I am happy to help in whatever way I can: clean up, set up, kids games bringing food.

#3 Available to help with setup and cleanup

In light of this, we suggest having the party on June 1st. Previous notes cover food plans.

New ideas discussed:

Battery powered speakers were suggested if no one has a generator

Jessica is willing to organize a small neighborhood bazaar. The idea is for neighbors to sell their handcrafts but agreed to be open to other types of things. We need a minimum of 4 participants to have the bazaar. \$10 for a table to sell your wares from 4 - 6 pm (loosely), you provide your own table and you can only occupy a space the size of a table.

CLEANUP

David will contact his neighbor about heading up a neighborhood cleanup.

5/16 QUARTERLY MEETING

We are waiting for the final word on whether or not we can meet at the school next week.

Agenda Items:

Park options poll results & voting

Traffic Calming Program

Waiting for response from speaker's bureau about EAB (insect that threatens our trees).

Party promotion and planning.

*this wasn't discussed at the SC meeting but we have council candidates requesting to speak at the meeting. I believe our policy has been 5 minutes per speaker.
